

**Postdoctoral Research Position in Cold Temperature Microbiology**  
Department of Biological Sciences  
Louisiana State University

A post-doctoral researcher position is available in the Department of Biological Sciences, Louisiana State University. The successful candidate will join an interdisciplinary team studying microbial metabolism at sub-freezing temperatures. Anticipated start date is January 2009; the position is funded for 2 years. Applicants must have a Ph.D. degree in Microbiology or a related biological science. A strong background in microbiology and a demonstrated ability to conduct independent research is required. Evidence of effective oral and written communication skills in English and familiarity with Windows and Unix-based operating environments and molecular biological techniques is desired. Review of applications will begin October 6, 2008 and continue until a candidate is selected. Applications should include curriculum vitae (including email address), a cover letter regarding research accomplishments and interests, 2 recent publications, and the names and contact information of at least three professional references. Applications should be mailed to Ms. Charyl Thompson, 202 Life Sciences Building, Department of Biological Sciences, Louisiana State University, Baton Rouge, LA 70803 or sent as a single PDF file via email to [cthomps@lsu.edu](mailto:cthomps@lsu.edu) and [xner@lsu.edu](mailto:xner@lsu.edu). Ref. Log# 031779.
